M. Ari Zidan Syafrizal

Informatics Engineering Student | Lamongan, Jawa timur | 081529474830
zidanerizal17@gmail.com | *www.linkedin.com/in/arizidan* | *www.github.com/arizdn234*

EDUCATION

Lamongan Islamic University (Unisla)   **Lamongan**
Student – Department of Informatics Engineering   *Aug 2020 – present*
- Graduated in the 8th semester and obtained a GPA of 3.46 out of 4.00. Relevant Subjects: Discrete Mathematics, Data Structures, Algorithms and Programming, Database 1-2, Web Programming 1-2, Artificial Intelligence, Computer Networks 1-2.

COURSE AND TRAINING

PT. Hacktivate Teknologi Indonesia (Hacktiv8)   **South Jakarta**
Student – Web Developer Program   *14 Aug – 31 Des 2023*
- Mastered HTML, CSS, JavaScript, Git, algorithms, debugging, and deployment to build responsive and interactive websites using the latest technology.

PT. Ruang Raya Indonesia (Ruangguru)   **South Jakarta**
Student - Integrasi AI Dalam Pengembangan Aplikasi Backend Engineering   *16 Feb – 30 Jun 2024*
- Gained expertise in integrating AI with backend development to create efficient, intelligent systems. Developed skills in Golang, databases, machine learning, web development, and deployment.

LICENSES & CERTIFICATIONS

- *Artificial Intelligence Using Golang* / Ruangguru (April 2024)
- *Web-Based Application with Golang* / Ruangguru (April 2024)
- *Management Systems and Database Technology* / Ruangguru (April 2024)
- *Advanced Backend Programming with Golang* / Ruangguru (April 2024)
- *Basic Backend Programming* / Ruangguru (March 2024)
- *Software Engineering* / Ruangguru (February 2024)
- *Deep AI Integration Backend Engineering Application Development* / Ruangguru (June 2024)
- *Web Developer Program* / Hacktiv8 (December 2023)
- *Programming in Python* / Dicoding (October 2023)
- *Asynchronous JavaScript* / Hacktiv8 (October 2023)
- *Advanced Algorithms* / Hacktiv8 (September 2023)
- *DOM JavaScript* / Hacktiv8 (September 2023)
- *Back-End Applications* / Dicoding (March 2023)
- *AWS Cloud Practitioner Essentials* / Dicoding (March 2023)

BOOTCAMPS

- *Deep AI Integration Backend Engineering Application Development* / Ruangguru (June 2024)
- *Web Developer Program* / Hacktiv8 (December 2023)

INTERESTS

- Machine Learning
- Back-End Web Development
- Web Development

LANGUAGES

- Indonesian — Professional
- English — Intermediate
- Arabic — Fluent

SKILLS

Soft Skills
- Communication
- Responsibility
- Teamwork
- Problem Solving
- Discipline

Database Technologies
- PostgreSQL
- MySQL
- SQLite
- MongoDB

ORMs (Object-Relational Mappers)
- Sequelize.js (Node.js)
- Prisma ORM (Node.js)
- GORM (Go)
- Eloquent (Laravel, PHP)
- SQLAlchemy (Python, Flask/Django)

Programming Languages
- Python
- JavaScript
- Go (Golang)
- PHP
- SQL

Tools and Utilities
- Docker
- Navicat (Database Management)
- DBeaver (Database Management)
- pgAdmin (PostgreSQL Management)
- Mongo Atlas (MongoDB Cloud Management)
- Postman (API Testing)
- GitHub (Version Control and Collaboration)

Web Frameworks and Libraries
- Django (Python)
- Laravel (PHP)
- Flask (Python)
- FastAPI (Python)
- Express.js (Node.js)
- Gin Gonic (Go)
- Gofiber (Go)
- Bootstrap (CSS Framework)
- Materialize CSS (CSS Framework)
- TailwindCSS (CSS Framework)
- Alpine.js (JavaScript Framework)
- Vite.js (JavaScript Build Tool)
